

IN RATE & REVEREND,

To a newspaper man, then, the circumstances are clear, and prove the writer of the Free Press, who is, of course, subject to Mr. Luxton's denials, knew all about the resolutions hours before they were submitted to the meeting. In any event Mr. Luxton endorsed them, and for the consequences he and his reverend apologists must bear the brunt together.

We gave space last week to a communication from ex-Sergeant Campbell, simply because we promised to do so before we read its contents, and with the idea of following him to tell his own story. We regret, however, that he did not see proper to confine his observations to his own alleged unfair treatment. In the letter, he made attacks on others that had nothing more to do with his case than has the man in the moon. Mr. Campbell must understand that is neither manly nor fair, to attempt an ascent by striving to pull down others. That kind of warfare will never do. As we understand it, Mr. Campbell was charged with neglecting his duty, and getting at least partially intoxicated while employed on the police force, and he contends the charge is foundationless. His efforts then should be directed to prove the truth of his contention, and nothing more. If he substantiates the falsity of the charge, he will prove himself an injured man, and it is to that end and that alone he should direct his efforts. If he or his friends require our columns to aid him in efforts in that direction, they are welcome to them, but for all other matter, side issues and irrelevant criticisms they must remain closed for the future.

## VITAL QUESTIONS,

Alexander Macdonald, contractor, has entered suit against the Northwest Central Railway to cover one hundred and thirty-nine thousand dollars and interest since 1883, for work done on the old Souris and Rocky Mountain Railway.

# W. H. CYPRESS COUNCIL.

Minutes of a general meeting held 12th Jan. 1886.

Present: Reeve Frank Burnett; Councilors James Mitchell, James Davidson, W. Smith, A. W. Iron and A. Naismith.

The minutes of the previous meeting were adopted and the following motions were passed:

That J. E. Roy Dixon be retained as secretary for the year 1886 at the same salary as last year, and that he renew his certificates for the same.

That R. H. Ferguson be appointed assessor for the year 1886 at a salary of \$70, and that he be allowed for his appointment and duties be drafted.

That the taxes of J. McMans be accepted as special school tax and 3 per cent. wrongly charged by postmaster, and that he be allowed for the same.

That the treasurer be authorized to accept of Andrew Porteous less special school tax.

That the statute labor, \$4.50, returned as assessed by George Johnston, be deducted.

That Mr. Sidney E. Lang be informed that the letter from the land office given the assessor that the N. W. 1/4 has been abandoned, and that the same cannot be entered.

That the standing committee be one, the same as last year, except that W. Smith take the place of Okey, and Rae of Ingram, and A. Naismith be chairman of public works.

That John Henry be appointed constable South Cypress.

That W. E. Sutcliffe, (reeve's nominee,) and Alex. McDougall be appointed auditors of the books of 1885.

That the treasurer be authorized to memorialize to appoint James Mitchell and R. H. Ferguson assessors of the peace.

That the report of finance committee be adopted recommending the payment of the following:

W. H. Ferguson, dep. ret. officer, \$8.10  
J. E. Roy Dixon, do do, 5.80  
John Brown, do do, 6.00  
Hawkins, labor, 3.00  
Rae, for establishment of Avenue, 4.00  
Rae, for house for nomination, 4.10

That the treasurer be authorized to memorialize the post office authorities to have Millford made a postal office, and the superintendent of the completion of the railroad to end of grade as the farmers in this district are depending on the opening of the road for a market for their grain this year.

That the council adjourns to meet again at the same house of A. Cameron, in tp. 7, s. 13, on the 2nd Tuesday in Feb.

## WANTS SOMETHING.

McKeown, the Winnipeg "Globe."

As below to the News:  
SIR: Your paper of the 10th inst. contains information from the sporting men of Brandon that they were willing to back their colored champion against any Winnipeg man, being McCullough, for a race on roller skates. I have deposited \$10 for a time and race to be skated on the Grand roller rink, Winnipeg, race for \$50 a side, and take place five days from signing article, and to be governed by the national rules governing roller skating races. I will meet any of the colored men back at the Golden Eagle Hotel to make arrangements. If \$50 is not enough, I am prepared to back my man, even that for \$100. This is open for one week to acceptance.

ED. McKEOWN,  
Winnipeg, Feb. 10th, 1886.

Brandon, Feb. 11. A convention of representatives of districts along the route of the Inter-oceanic canal is being held. The convention is composed of the mayors of the incorporated towns of the route, and is presided over by the Government. The necessity of having immediate action in the work of constructing the canal.

## PROSPECT FOR PRICES.

Reasons Given Which Indicate Prices for Wheat will Rise About March.

A letter dated London, Jan. 14th, says: The wheat trade here remains in a state of extreme dullness. The liberal stocks have taken away any disposition that might have existed for beginning the new year with more confidence, and an uninteresting trade in the result.

As an example of the feeling just now, and I may say that business is being done in New No. 2 Calcutta wheat for March. May shipment via Canal at 32s. or only 1s. per qr. above the present value on the spot, while No. 1 Californian, prompt shipment for direct spot sells at 35s. 3d per 500 lbs. or about 1s. higher than the price of the coast. The first cargo of No. 2 red winter (American) wheat with we have had for many months has just arrived off the coast, and being in defective condition, is worth only about 32s. 6d per 480 lbs. This is considerably below the comparative value at New York, and renders fresh business except on commitment impossible.

There is, however, a healthy sign in the fact that our stocks are rapidly decreasing, and it is tolerably safe to predict that by the end of March they will not exceed one half of their present total. Then still be the time that prices will improve, and the bold speculators will re-enter in anticipation thereof, especially as it is now a certain thing that our supplies from Australia this year will be a mere flea bite, comparatively speaking, certainly not more than a 150,000 tons, of about 5,250,000 bush.

The quantity of wheat for England has somewhat increased, but remains at the small total of 1,888,999 qrs. against 2,235,000 qrs. at this time last year. This is not shipping so freely as before, and there are now no consignments from thence to the United Kingdom only 3,000,000 bushels, and about 1,000,000 bushels for the continent.

Milling matters, speaking from a trade point of view, are very dull just now, and orders for complete plants are few and far between. English millers were determined to wait for a better foreign trade before they spent more money on machinery.

Mr. Egan with J. H. Robinson will not come for trial at the end of this month, as was anticipated. It is expected that there will be an adjournment, so that this question may fall off from settlement as ever.

## THE MAN N. W. RY.

Efforts to Have it Extended Towards Plum Creek.

The Free Press has the following: Reeve Kirchhoff, of Glenwood, Minn., was in the city yesterday pressing the claims of the municipalities of Glenwood and Oakland to railway facilities. In an interview with Hon. Mr. Norquay and Gen. Supt. Egan, Mr. Kirchhoff pointed out the advantages of extending the Manitoba Southwestern from the present terminus at Holland and west to Plum Creek, crossing the Souris near Millford. This route, he argued, would be through the centre of the district lying between the main line and the route of the C. P. R. Southwestern and afford relief to the greatest number of farmers as well as running through the best settled districts and touching the leading towns south of the C. P. R. Glenwood has 28,000 acres under cultivation and Oakland 31,000. Mr. Kirchhoff strongly urged upon the Premier the right of the Government and the people to say where lines to which aid is granted under the Railway Act of 1885 should be located. Mr. Norquay admitted the force of the argument, and agreed the people Mr. Kirchhoff represented had strong claims. Mr. Egan was non-committal on the subject, but promised to forward the maps and other information given him to headquarters. It has been rumored that it was intended to extend the Man. N. W. Ry. south from Holland to unite with the proposed extension of the proposed C. P. R. Southwestern at a point near Whitewater Lake, and it was for this reason that the settlements of Glenwood and Oakland were moving in the matter. They don't want to get left.

[No one can blame our neighbors to the South to employ any effort they can command to secure railway facilities, indeed in justice to themselves they are bound to do so; but at the same time we would like to have found Mr. Kirchhoff pressing more strongly the necessity for the Brandon South Western. The proposed route of that line, as the best for all interests to the South West, and if then the Man. N. W. could be extended to connect with it at Plum Creek, so much the better for our constituents to the South.—ED. MAIL.]

## PROVINCIAL.

Says the St. Paul despatch: In speaking of the re-arrest of Bull dog Kelly, a court official said: "It was made upon the complaint of Manuel Daimard, one of the men shot at, on the grounds of newly discovered evidence. The old complaint was made by a different person. The same ground will have to be gone over again, and unless the new evidence is much stronger, he will be again released."

Messrs. Bird & Co. are building a store at Killarney, and intend opening a full line of hardware. Mr. Kirkpatrick has just completed his temporary building and is moving his goods up from his old stand at the Lake. He intends putting up a large store this summer.

Mr. Collins is also going to build here and move up his stock of goods from his old stand at the Lake. Mr. Robson has nearly completed his large livery and feed stable. Mr. Millan's gun ware works was completed this week and he will start buying at once.

Drunkenness, or the Liquor Habit, can be cured by administering Dr. Haines' Golden Specific.

It can be given it a cup of coffee or tea without the knowledge of the person taking it, whether it is a moderate drinker or an alcoholic wretch. Thousands of drunks have been made temperate men who have taken the Golden Specific in their sleep without their knowledge, and to-day believe quit drinking of their own free will. No harmful effects result from its administration. Cures guaranteed. Circulars and testimonials sent free. Address, GOLDENSPECIFIC CO., 18 Race St., Cincinnati, O.

## FOREIGN.

Boston, Feb. 10.—In response to John L. Sullivan's challenge Paddy Ryan telegraphed from Chicago that he would make the match for \$2,500 instead of \$5,000. Ryan's reply was sent to Newport, where Sullivan is, and to-night a despatch came to Sullivan's brother Mike, saying: "That goes, make inside of four weeks, private, five men on a side."

The Vanderbilt mausoleum will have \$50,000 or \$60,000 worth of bronze in its construction. There are to be twenty-two double and two single gates, six of the former being 9 feet 8 inches tall, 6 feet 4 inches wide, and sixteen 8 feet 6 inches square. The two single gates will be 7 feet 8 inches by 3 feet 4 inches.

In addition to these there are sixteen lantern guards and frames with glass work 7 feet high and 4 feet wide. Upwards of 38,000 or 40,000 pounds, or nearly 20 tons of standard bronze and phosphor bronze will be used. The first of the sixteen double gates has just been cast. It is the largest single bronze casting of that character ever made in America, and probably in the world, and is a marvel of workmanship.

St. Paul, Feb. 10.—Donald Grant left for the south to-day. He and Rory McLennan have a contract for building 300 miles of the Hudson's Bay road, and hope to begin operations as early as April. The first three hundred miles will demonstrate the practicability of the route through the Bay Straits for carrying the seasons products of the Northwest at the close of each crop year. The contractors are prepared to rush the work of construction at the earliest practicable moment.

Portland, Ore., Feb. 10.—Satagura, a salmon river Indian, convicted at the Nanaimo, British Columbia, autumn assizes of the murder of a comrade at Salmon River rancho while in a state of intoxication, was hanged in the jail yard at Nanaimo on Feb. 5th. The condemned man showed the utmost firmness. After a short prayer in Chinook by the Rev. E. Robson, the trap was sprung. The arrangements of Sheriff Drake and his assistants were perfect. After hanging an hour the body was cut down and subsequently handed over to the friends for burial.

London, Feb. 11.—The Earl of Fife, the president of the Scotch Liberal Association, and hitherto a staunch friend and colleague of Mr. Gladstone, writes to the secretary of that association that he cannot hand over his political conscience to the Cabinet whose policy, so far as it is definable at all, is only a policy of surrender. He says he is strongly opposed to tampering with the Union and must resign the presidency of the Scotch Liberal Association.

Olympia, W. T., Feb. 10.—About 7 o'clock yesterday morning a mob commenced taking possession of the house of the Chinese residents of this city. An alarm was quickly sounded by the ringing of the fire bell, but before the citizens could realize what was happening a guard composed members of the Anti-Chinese Association here, was placed in possession of each house, and the Chinamen were ordered to pack up their effects and leave. The mob was led by a young man named Hetzel, who was recently employed as an assistant enrolling clerk in the legislature, and who has held a position for sometime in the office of the territorial auditor and also by a junk dealer named Bales, who took up his residence here only a few months ago. Hetzel is a member of the Knights of Labor. The bosses of Chinese houses have been given three days to leave town and the employees have received notice to leave at 10 o'clock to-day. Sheriff Ballings has summoned a posse of constables and they are now being sworn in. Wagons have been hired to carry away the Chinamen's property and so far things are quiet, with the exception of the crowd on the streets. Later a mass meeting was held and a law and order committee organized which will be able to put down all mobs.

## A Very Hot Taxpayer.

"Is this the United States Weather Bureau?" exclaimed an excited individual in a melted collar and hot-as-blazes frame of mind, rushing into the United States Signal Service office on the corner of Wood street and Fifth avenue last Wednesday.

"Yes, sir; this is an office of the bureau," replied the gentleman in charge.

"O, it is, is it," sarcastically exclaimed the perspiring individual. "It is a part of the institution, is it? Well, sir, it's a swindle! A barefaced swindle on the taxpaying citizen, sir! That's what it is, sir!" And the hot man grew so terribly hot that his face looked like a bloom just ready for the squeezers.

"I do not comprehend you, sir," replied the signal-service officer, with dignity.

"O, you don't, don't you? You don't comprehend me? O, no, of course not. Certainly, you don't. That ain't what we taxpayers pay out our money for, to be comprehended. What did your bureau promise Saturday? Didn't you say a cold wave was on its way here, and that it would reach us Sunday, and the weather would be cooler, didn't you?"

"What if you did? Of course you did. You know you did. You can't deny it. Where's it?"

"I'm sure I do not know," returned the official sheepishly. "We do not arrange the weather."

"You don't? Why, what are we taxpayers getting for our money, then?" exclaimed the hot man.

"The bureau simply furnishes meteorological information relative to the state of the weather," answered the official with dignity.

"Information? Great Scotland, do you think a man has to be shovelled into a blast-furnace before he knows it's hot? Do you mean to say we taxpayers support this bureau to tell us what he thermometer is in our shirt-collars are running into our boots? If you can't regulate the weather, what are you for? A blind mole with his tail spoke of knows when it's hot and cold without you telling us. What are we taxpayers getting for our money?" and the wild man turned himself out on the sidewalk, red, hot, hissing globe of wrath.—*Pittsburgh Chronicle.*

## FOREIGN.

St. Paul, Feb. 4.—A special to the Pioneer Press from Billings, Mont., says: On Saturday six Crees arrived at Gabriel Dumont's ranch, near Livingstone, Mont. They are a deputation from their tribe and report thirty lodges of Crees camped near Fort Assiniboine in a starving condition and ready for trouble. The commander at Fort MacGinnis has been notified of their presence, and stockmen are keeping a sharp lookout on their horses.

Little Rock, Ark., Feb. 4.—On Saturday night last a horrible tragedy was enacted on Brush Creek, Yell county, this State. Mrs. Gilkie, 63 years of age, the widow of James Gilkie, an old pioneer of that section, fired a shot a short distance from the house, took a dose of strychnine, and coolly seated herself in the middle of the building with the evident intention of burning her body to a crisp. Mike Gilkie, her son, and an unmarried sister, Miss Barras, were living with Mrs. Gilkie. On Sunday, Mike went up into the Decker and settlement, where he remained over night. This left his mother and aunt at home alone, and they retired as usual, nothing occurring to attract attention. At a late hour, Miss Barras was awakened by her sister calling for her to "come quick and save me, if you can!" The old lady was helped into the house, and died in five minutes, but spoke no more after Mrs. Barras reached her. There is no cause assigned for the act.

Akron, O., Feb. 4.—The marriage of Thomas A. Edison, the electrician, to Miss Mina Miller, daughter of Mr. Lewis Miller, will be celebrated on the morning of Feb. 24 next. Mr. Edison will, on the same day, leave for his country home near Fort Scott, in Florida. They will return here about the middle of April, when a grand reception will be given them at the home of the bride's parents. They will then go to their magnificent home in Llewellyn Park, N. Y., which Mr. Edison has just bought for \$200,000. Miss Miller is 20 years old, very handsome, and comes from a wealthy family, her father being estimated to be worth \$3,000,000. Mr. Edison is 38. He is a widower, and has a daughter, aged 12 and two little boys.

## THE LATE PROFESSOR TAVERNER.

M. A. Taverner writes as follows from San Francisco:—Though a resident of San Francisco for some years, I have not until now been able to report the death of Professor J. W. Taverner at Jamaica, West Indies. A man of great intellect, but a man not much taught by another, but a man who was a devoted lover of a good cause. He was a devoted lover of a good cause, of education and had a political nature. He was in these days of money getting. The New York, West Indies, and San Francisco papers have all taken notice of the occurrence, and Mr. Taverner and his family were for many years residents of our city, and during that time he was at all the principal colleges and universities of Canada and the United States. He was loved and admired by all who knew him. Mr. Taverner was much attached to Canada, and a short time ago went from San Francisco to Canada to spend the summer months on his island "estate," in Lake Muskoka, where he created a retreat away from all business cares. He had a large family of children from their homes in distant parts of Canada, Mrs. N. J. Power, of Montreal, and Mrs. Dr. Knoll, of Marquette, Ontario.

## CANADA.

Dear Canada, with loving pride we hail thee.  
 Amid the free and fertile plains we stand,  
 And look ahead upon thy boundless regions.  
 Then fair, sweet land,  
 Old Neptune glides thee with loving arms—  
 Atlantic billows wash thy eastern strand—  
 Pacific waves with gentle, zephyr waft thee.  
 Thy fair, sweet land,  
 Old Boreas to the north holds stormy revel,  
 And rules his nation with an icy wand;  
 But gently thaws his snowy mantle round thee,  
 Then fair, sweet land.  
 The hills are boundless, and the treasures countless;  
 The mountains pierce the clouds with snow-capped grand;  
 The rivers, lakes, and streams are full of goldness.  
 Then fair, sweet land.  
 The sons are freemen, stalwart, brave, and loyal;  
 And, fair as flowers, by summer breezes loved.  
 The daughters, children of a noble mother,  
 Then fair, sweet land.  
 Oh, daughter of a might, honored nation,  
 The future shall a world's respect command.  
 Work out thy destiny with fearless gladness,  
 Then, happy, young land!

London, Feb. 11.—Three masked burglars entered the home of James McCurdy, a retired capitalist, at Sandwich, last night, and carried off a large lot of goods, silver ware, and \$50 in cash. McCurdy awoke, but a threat of death kept him up.

Dennis A. Coste, publisher of the Western Herald, of Amherstburg, was Friday committed for trial at the next assizes, and admitted to bail in \$700, on a charge of libelling J. Hardy Brock, editor of the Liberal newspaper of Essex centre.

Stratford, Feb. 11.—Miss Elsie was found dead in a house in which Mrs. Tank, her sister, lived in different apartments. Mrs. Tank sent for assistance, saying she thought something was the matter with her sister. Although she denied being in the latter's apartments circumstances are considered suspicious, and an inquest will be held.

## GENERAL KOMAROFF.

How the Distinguished Russian Won His Present Rank.

General Komaroff distinguished himself by military tact, audacity and resourcefulness as well as personal bravery in the Russo-Turkish campaign in Asia Minor in 1877, when he won his present rank of General. After the capture of Ardahan, near the Russo-Turkish frontier, Colonel Komaroff was left in command of a detachment which had the difficult duty of defending a considerable tract of the neighboring mountainous country, and of protecting the Russian frontier as well as covering the flank and rear of the army then operating against Kars. When the movement urged by Louis Melikoff was made against Erzerum, Colonel Komaroff executed a very bold and successful march. With a flying squad he advanced from Ardahan, passed rapidly round the enemy's flank, and came down upon a part of the Turkish force which was holding the Panak Pass on the Sahalough Range, which commanded access to the town of Olti on the northern side, whence the Turks intended to attack Ardahan. Colonel Komaroff's unexpected appearance had such an effect that the enemy retreated without fighting, and the Russians were enabled to occupy Panak and Olti, and to capture two thousand rifles and five hundred thousand cartridges.

When at a subsequent period of the campaign the Russian troops were ordered to retire from Hadji-Vah, Colonel Komaroff, with his detachment, found himself placed in a very perilous position by reason of the withdrawal of the main column of the Russian force, from which he became separated by a distance of from four to five miles. As he was exposed to Turkish fire from the twin heights of Great and Little Yalta. By a dash he drove off the two hundred Turkish cavalry who had the Great Yalta, stationed a body of his own men in their place, and uncovered their fire, brought the main part of his own force round to the eastern slope of the hill, where, after a time, they were joined by reinforcements from the Russian army, and the very nose of the enemy, and the whole force was enabled to retire in order.

During the attack of the Turks on the night of July 31 (August 1) upon the Russian camp at Kourouk-Dara, Colonel Komaroff, for he had already been promoted to that rank, was charged with a detachment to take up a position at Mount Karad, four versts from the Russian camp, and there to await his own division. It was on this occasion that he received a wound in the breast, which, however, did not prove serious, the bullet having struck a religious medal which he wore. General Komaroff subsequently took part in the storming of Kars, and contributed no unimportant share in that celebrated action. At the conclusion of the war he was made commandant of Tiflis, on the Euxine, and, after the Akhul Tekke expedition, he was placed in command of the trans-Caspian troops. The Russians attribute the probable negotiation of Persia in a peace treaty to General Komaroff's skill and skill in other than military matters. (Full illustration.)

## WALL PAPERS!

Yet to choose from. These goods will be sold wholesale and Retail and at the lowest prices to cash prices.

Remember we have nearly everything the public may ask for, so there is no chance for disappointment when you call.

Get your Xmas Goods while the assortment is complete. They will be sold now as low as any time in the season, and by calling early, you will have a better assortment to select from.

MUNICIPALITY OF OAK-  
LAND

The council met on the 5th inst. at the usual hour.

Present—The Reeve, and Councillors Stinson, Kountwaite, Elliott, Graham, Brander and Stewart.

Communications were received from James Mac, asking to have the district school tax reduced, he claiming that his land was outside the limits.

Request not granted.

From W. A. Macdonald, re indebtedness to W. J. D. R.

From Henry James, District Auditor, enclosing a copy of report and balance sheet for 1885.

From M. Young, clerk of the Municipality of Oakland, requesting co-operation of council in procuring Legislative Assembly not to amend the act so as to do away with statute law.

Accounts were received from A. H. Carleton, from W. A. Macdonald, and A. L. Proulx, for the same.

Resolved, that the petition from the Municipality of Oakland be forwarded to the Legislative Assembly.

Resolved, that the report of the District Auditor be accepted, and the accounts of the same be passed for 1885.

The Finance Committee reported recommending that the following accounts be paid:

W. A. King, compiling map \$6.50. W. S. Lockhart, do do \$4.75. L. A. Lockhart, do do \$20.00.

The school district be paid 2nd half of assessment and special levy collected to date.

Accounts be discounted for \$1900.00 to W. J. D. R.

From Murray Secy-Treas. Sourisburg, Ontario, interviewed the council at this point regarding the amount of municipal grant for the district, the district claiming to be entitled to 12 months, when it was allowed in the estimate.

Resolved, that the matter of Sourisburg be referred to the clerk to be dropped, for the present, and the clerk be instructed to lay the same before the superintendent of education.

Resolved, that Joseph Wells be paid the amount of statute labor for 1885, when paid the amount in excess.

Resolved, that A. E. Rouse be appointed assessor.

Resolved, No. 40, appointing the assessor.

Resolved, No. 41, appraisers.

Resolved, No. 42, appraisers.

Resolved, No. 43, appraisers.

## CANADIAN.

London, Feb. 10.—The railway committee of the city council has resolved to ask Mr. Van Horne to visit London in company with Hon. Mr. Carling, and take such steps as will insure the building of the C. P. R. extension to here from Ingersoll without delay.

It is understood that fifty volunteers will be asked for from the 7th Fusiliers to accompany the flying column to the Northwest in the spring.

Montreal, Feb. 10.—The central board of health bulletin says there are eighteen cases of small-pox at St. Cyprien (Naperville.) At St. Ours, where there is small-pox, the people move about as if nothing was the matter. There is an epidemic of diphtheria at St. Matthe.

The libel suit brought by the Hamilton four-crew of the Nautilus Club against the Montreal Star was heard by special jury, and a verdict of \$50 damages and costs returned. The editor publishes an apology.

A circular has been issued by the general manager of the Grand Trunk Railway on the subject of the transportation of live stock through Canada. The circular states that, through the prevalence of pleuro pneumonia and hog cholera in the United States, the Imperial and Dominion Government authorities have been urging the Canadian railway authorities in regard to the necessary precautions to prevent the spread of those diseases in the Dominion.

Instructions are accordingly issued that "every car loaded with through live stock passing from the United States through Canada must be plainly and legibly marked at the port of entry on both sides with the letter V, that being the authorized distinguishing mark to show that such car contains or has been used for through stock, and under no circumstances whatever must agents at local stations in Canada allow a car so marked to be stopped or used for the shipment of Canadian live stock or freight of any description."

The circular further asserts that the Minister of Agriculture has sanctioned such a deviation of the above regulations as to permit Canadian cattle for export to the United States forming any part of any train going through without reference to their carrying or having carried United States cattle in transit. No further deviation of any kind will be permitted, and agents are strictly cautioned to carry out these regulations fully.

# NOW IS THE TIME!

## To secure the Greatest Bargains in Ready-Made Clothing and Gents' Furnishings ever offered to the Public of Manitoba, with valuable presents thrown in.

THE GOLDEN LION CLOTHING STORE.

OR

BEAVER HALL CLOTHING STORE.

At the only establishments in this city where a regular Clothing and Gents' Furnishing business is conducted. In order to clear out the balance of my stock of winter clothing and Gents' Furnishings, I shall offer such inducements as have yet never been offered in this or any other city for the next few weeks before taking stock.

Any person buying \$5 worth of goods, will receive a nice Silk Handkerchief as a present. \$10 worth of Clothing and Furnishings sold will secure a very handsome clock. Any purchaser getting a \$15 suit or a \$15 Over Coat or Gents' Furnishings to that amount, will be presented with a good Fur Cap.

Remember this offer is only open for a few weeks before going east to purchase spring goods. Presents given on all goods excepting Furs. Still a good stock of buffalo, Coon and China Goat Coats and Robes on hand. Do not fail to secure those presents before they are all gone.

GEO. BAWDEN, the only Clothier.

### TOWN TOPICS

Who got all the Valentines on Monday last.

Chief Duncan is still raking in the poll tax defaulters, at the rate of the taxes and costs.

Mr. Bolton is to be the Conservative candidate in South Western, against Mr. Winram, Grit.

At the Masonic Grand Lodge, held at Winnipeg last week, Peter McGregor, of this city, was elected Deputy Grand Master; and J. A. Ovas, of Plum Creek, D. D. G. M.

Ald. Stewart went to Montreal on a purchasing tour last week, and Mr. H. R. Cameron goes on the same business to-day, and will be absent three weeks.

That must have been an astonishing decision on Friday last, in the interview of Brandonites, in the Court House, with the Government, as both parties appear to be well pleased.

Chang Whang, the "washee shirt" man of Brandon went to Winnipeg last week, and on his return he found some one had entered his premises in his absence, and broken up everything breakable. He wants to find out "the fellow."

Customs collector Hesson, has been promoted and is now controller of Chinese Immigration at this point. His duties will be to tax every Celestial coming in since the first of January, 1886, the sum of \$50. He has employed the editor of the Sun as interpreter.

There has been a general home return to the city the past few days. Mrs. D. M. McMillan returned on Saturday, and, of course, this will relieve the anxiety of one. Mrs. A. Burns returned on Monday, and again there is an Alderman happy, and Mr. and Mrs. T. T. Atkinson returned also. This fills a considerable blank.

W. F. Parker, the man of wits, ran against a stag on Friday. As he was passing the Webb boys, one of the dogs attached to the sleigh they draw around the streets "went for him" and dashed his beef. Case in the police court, and a dead "stag" wound up the business. Ald. Anderson acted as Beak on the case, and a dose of lead and the costs of the court constituted his verdict.

Mr. Daly had rather an interesting encounter with a dog, near Bolton, on his way to Oak Lake last week. At that point a notoriously wicked specimen made for the cutter. Mr. Daly retaliated with an application of the whip, the lash catching around the dog's neck, and in this way the whip was drawn from Mr. Daly's hand. On going out to get it, his team started off, and he was forced to walk a longer distance than he cared to do with his heavy coat on, before he overtook them.

Lilly Johnston had Frank Lemen, of the Farmers Home before Beak Todd the other day, for non-payment of wages, and was awarded \$6 and costs.

Mr. George Craig leaves next week for the Montreal Markets, to purchase an immense stock of general merchandise for his two mammoth stores on Rossar Avenue.

We regret to announce the death by consumption, at the early age of 26, of Mr. W. H. Lowes, jun. He was the eldest son of Mr. Lowes who farms a few miles south of the city. The funeral took place on Wednesday last.

On Tuesday a Liberal Conservative Association at Doran's School House. Mr. E. A. Healy was chosen President, and Mr. F. J. Clark, Sec'y. The meeting adjourned to be convened again at Mr. L. P. Robier's at the call of the chairman.

We have received a couple of communications dealing with the Gaol and Court House matter, but as the substance of the decisions of the government is embodied in the minutes of the city council reported in other columns, it is unnecessary to give them space.

This tobogganing business is driving the Indians to distraction. The other day a couple of the nomads of the plain were seen to stand in dismay, looking at some ladies passing by dressed in real blanket uniforms. "Squaw" was the only word they were able to articulate.

During the week several emigrants from England and Scotland went west to take up land. The probabilities are there will be a considerable rush for this country in the spring, and as there is now no Farmers' Union to frighten them out, they will be the more likely to settle down as fixtures.

Mr. F. B. Hyndman, of 22 O. A., returned from his eastern trip last Sunday bringing with him a carload of sheep and horses. He was twelve days in the return trip, and reports the weather in Ontario as being far worse than here, wet and slush there, bright and dry here.

The grain business is not now in the most satisfactory condition possible, in this city. The elevators are all full, and the C. P. R. is not supplying sufficient cars to carry away what is coming in. This is certainly a great inconvenience, as all damaged wheat in the country should be disposed of before the sleighing breaks up.

The Ladies' Aid of the Baptist Church held a very successful concert on Thursday evening last. Among those who took part in the musical portion of the entertainment were Mrs. Murray, Miss. Rounsell, Mrs. R. L. Edgar, Miss. Preston, and Messrs. A. B. Cumming, J. R. Foster, Reid, Davidson. A special mention must be made of Miss. Preston, who has a magnificent highly cultivated voice. Short speeches were made by the chairman the Rev. Mr. Best, and by Messrs. R. Daragh, and J. I. Christie. The receipts were upwards of \$50.

Chief Duncan has made considerable headway with the wood theft referred to in last week's issue. As stated, he found the wood had been sold to Mr. Edie, and, of course, that gentleman is out the payment. In a day or two after, the Chief found the sleighs on the prairie back of the Court House. It is quite evident the object of the thief was simply to get the price of the wood to bridge a shortage in his cash.

The photographs taken by Captain Peters, of Quebec, during the course of the North-West rebellion, many of them taken under the fire at Fish Creek and Batoche, will shortly be issued in album form, about fifty in each. These interesting souvenirs will likely be largely sought after. The Mr. Peters referred to here by the Amherstburg Echo, is a brother of Mr. Peters of the C. P. R. here.

We understand that Mr. A. C. Flummerfelt, lately the principal boot and shoe dealer of Portage la Prairie, in company with a Winnipeg gentleman, has purchased the boot and shoe business of Mr. Senkbeil at this place, and will carry it on in the old stand. From a personal acquaintance with Mr. Flummerfelt, we can recommend him to the citizens of Brandon as a gentleman of many excellent parts—thoroughly up in his business, and disposed to do the best possible for all his customers.

Meetings for the purpose of forming a Liberal Conservative association will be held as follows, at Alexander Station, to-day after arrival of express train from the east. At Clinton School House in the Municipality of Elton on Thursday the 25th instant, 3 p. m. At house of William Creighton sec. 32, township 11, range 21, in the Municipality of Daly on Friday 5th March, next at 2 p. m. Speakers from Brandon will be present.

Our readers are familiar with the burning outcome time since of Mr. Matheson and family. A week ago he had conveyed to the homestead material for building a house, and the carpenters started to work Monday last, but quit in consequence of other pressing work. Since then a quantity of nails and tar paper has been stolen and the parties who took the first lot should come back and take some more or return what they took away. The latter course might perhaps be the best or the consequences may not be desirable.

The Free Press says: "Mr. Watson, M. P. is deservedly popular in all parts of Manitoba, and more particularly in his own constituency. All that any representative man could do to forward the interests of the province, he has done." "Any representative" man could have voted against Mr. Blake's amendment to the government measure to assist branch railways in this country, as Mr. P. did, but Mr. Watson as the Globe says, "skulked" out of the House when it was coming on. Mr. Watson well knew the amendment was a blow at the Progress party and for country, he turned his back to the House in the trying moment. What does the Free Press think of this?

At the close of the City Council session on Monday evening, those present the spectators, reporters, and the Aldermen, resolved themselves into a railway meeting to consider the Brandon South Western scheme. It appears the committee of the Board of trade appointed for railway correspondence, and some of our citizens have received replies from Mr. Van Home, and that none of them are of a satisfactory character—they are too indefinite to meet the requirements of the situation, and the feeling is Brandon must make an effort to retain the trade naturally its right. After several gentlemen had expressed their opinion, it was resolved that a stock list should be opened, and a company formed to go on with preliminary work. If the C. P. R. can then be induced to go on with the work so much the better, but if they cannot, an effort will be made to induce outside capitalists to take hold of it. An adjourned meeting will be held in the City Hall Tuesday evening, which we trust will be attended by all from the country as well as the city, who are willing to take hold and forward the interests of the project as far as possible.

#### CONSUMPTION CURED.

An old physician, retired from practice, having had forced in his hands by an East India manufacturer the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Female Debility and all nervous complaints, after having tested his wonderful cure on thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparation and use. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, 149 Power's Block, Rochester, N. Y.
